Discussion & Reflection: Answer the following questions in complete sentences

1. How do ants show teamwork in their nests?

Ants show teamwork by collecting food and sharing it equally with every ant in the nest, making sure everyone is cared for. Humans can learn to work together and share with others, just like ants do in their communities.

2. Why do you think ants are called "nature's tiny superheroes"?

Ants are called "nature's tiny superheroes" because they are small but do important things for the environment and show amazing strength and teamwork.

3. This shows me that God is (Circle the word):

Wise Powerful Caring Creative All of the above
